this book delves into the rich history of spanish anarchism tracing its development from its early roots in the late 19th century through the spanish civil war often viewed through a lens of revolution violence and rural rebellion spanish anarchism has long captivated historians and students of european history while much focus has been placed on the period from 1936 1939 this work turns its attention to the often overlooked earlier stages particularly the late 19th century by examining this complex movement the book challenges long standing interpretations that frame spanish anarchism as merely a millenarian or pre political ideology offering instead a nuanced understanding of its evolution and ideological framework drawing on both historical and ideological perspectives this study breaks new ground by questioning the prevailing millenarian thesis and providing a closer look at the intellectual and political dimensions of the movement from the influence of figures like bakunin and the rise of syndicalism to the profound shifts in strategy and tactics within the anarchist movement the book explores how anarchism carved out a unique space in spain s political landscape this comprehensive approach highlights the diversity of anarchism s adherents from landless laborers to middle class intellectuals and its lasting impact on spain s political history this title is part of uc press s voices revived program which commemorates university of california press s mission to seek out and cultivate the brightest minds and give them voice reach and impact drawing on a backlist dating to 1893 voices revived makes high quality peer reviewed scholarship accessible once again using print on demand technology this title was originally published in 1989

shareholders agreements have a growing influence on the general understanding of corporate law since they bind not only the shareholders but also affect the constitution of the corporation and can have a severe impact on capital markets therefore shareholders agreements are more and more subject to regulation in corporate capital market and also insolvency law on the national the european and the international level this handbook provides a general examination of conceptual questions of shareholders agreements and provides an analysis of the regulation of shareholders agreements in european and international law and of the national law of more than 20 jurisdictions readers will get a general understanding of the theoretical and practical problems involved with shareholders agreements and detailed information on the regulation of shareholders agreements in several jurisdictions and the applicable law in the case of transnational corporations and cross border transactions

hospitals are a critical component of the health care provided to many brazilians hospitals which absorb nearly 70 percent of public spending on health are also a critical component of the government s budget and are thus at the forefront of policy

discussions why hospitals are important in brazil is easy to understand what makes hospitals deliver quality care efficiently or not is much harder to grasp drawing on an eclectic array of research and evaluative studies selected from a mix of sources hospital performance in brazil the search for excellence analyzes brazilian hospital performance along several policy dimensions including resource allocation and use payment mechanisms organizational and governance arrangements management practices and regulation and quality although a few brazilian hospitals are world class centers of excellence many hospitals including those who serve brazil s poorest people are low performers yet the brazilian hospital system is both dynamic and pluralistic and herein lies is strength as is shown throughout the book the foundations for change approaches ideas innovations and initiatives for addressing the shortcoming of underperforming facilities are already present throughout the country s hospital system building on these strengths the authors propose a policy and practice based hospital reform agenda that should assist policy makers and practitioners in their search for excellence
